

LETTER FROM THE PRESIDENT

Dear Sailors and Friends !

Many congratulations to the Prizewinners at the Worlds. You are fantastic. I am deeply impressed how high the standard in the class is now. You really have to fight even to become number 21 at the Worlds.

I was not happy to find very few people at the AGM. Perhaps the way you were asked to come was not perfect, but you did not show great interest either. Nobody asked me where and when. The AGM is the event where democracy really works, next year I expect much more people to be present.

A lot of you are now preparing for the Olympics. It is very nice to observe how wonderful you are working together from different countries. Sailing is definitely also about having a nice time with good friends.

Always remember: You are competitors, not enemies.

Best regards.

Jan Abrahamsen, IECU President

*Congratulations to the 2003
World Championship Winners:*

TECHNICAL CORNER

Proposals for Rule Changing 2003. Final draft 21.9.03 to be submitted to Centreboard Boat Committee. Confirmed by AGM - 15.09.03

General remark:

None of these proposals changes or modifies part of the boat or equipment.

Proposal 1

Existing Rule:

Sail Measurement Notes 6. Second sentence. "Adjustable leech lines are not allowed".

New rule:

Delete this sentence and enter:

"Leech lines are permitted. If fitted, they shall not be adjustable".

Reasons:

There aroused some discussions about the contents of the wording.

It is a clearance about the intentions of the actual wording and what is common practice in the Class. There will be no changing in the make of the sails. We follow a recommendation of the Measurement Committee.

Proposal 2

Existing rule:

Class Rules 2.6.1 Identification Marks: "Each boat shall have:"... (iii) "its National letter(s) and sail number engraved on the IYRU plaque or, for boats with IYRU/ISAF stickers, permanently marked on a plate or sticker below the IYRU/ISAF sticker."

New rule:

Delete this sentence.

Reasons:

This rule is not in use in the Class.

The ISAF ICF sticker is perfect to identify the boat together with the Measurement Form.

Proposal 3

Existing rule:

Class Rules 2.6.4: "Each mast (at the gooseneck), boom (at mast end), centreboard (near the top), rudder blade (near the top), and rudderstock (near the top) shall have a unique identifying code impressed on the starboard side by the manufacturer.

New rule:

"Each centreboard, rudder blade, rudderstock, mast and boom shall have a contrasting, permanent, identifying, at least 7 mm in height and minimum five digits long code done by the manufacturer. This code shall be clearly visible, when the boat is rigged up for racing. The producers code must not be shown, if the company name is clearly visible."

This rule shall apply for all materials fundamental measured after 31.2.2004.

Reasons:

Actually we have a big variety in size and forms at partly hidden places. We want to get a system, which allows easier working at measurement and aft race measurement controls.

Proposal 4

Simpler Forms for masts and booms.

When the actual forms were done, it was ISAF politics to be against In-house Measurement. ISAF politics now changes in favour of In-house Measurement.

So the forms could be made simpler.

This in a way, that the producer only sign one time for his product and the figures entered in the Measurement Form.

The today needed additional signature of an Official Measurer is only needed for those countries, where the National Authority especially ask for it.

This proposal was already entered in 2002, but the discussions about In-house Measurement were not yet precise enough at this time.

Following the recommendation of the Centreboard Boat Committee the submission was then retired.

Proposal 5

Existing Rule:

Class Rules 2.3.2.(iii)"A certified copy of the measurement form shall be provided with the certificate and shall form part of the certification documents."

New Rule:

Class Rules 2.3.2.(iii)"A copy of the measurement forms shall form part of the certification documents."

Reasons:

National Authorities and sailors practically do not apply this rule. To enforce and to control this rule would create an enormous work for National Authorities or the "authorities" certifying the measurement forms.

This work is not needed to maintain a control about the market and the equipment used in racing.

Proposal 6

Existing Rule:

Class Rules 3.4.5.(iv) "The fittings to connect the rudderstock to the hull shall be made so that every rudderstock fits every hull."

Rudder Fittings Measurement Diagram, see drawing.

New Rule:

Enter in the Rudder Fittings Measurement Diagram a max thickness requirement of 5 mm for the upper fitting.

This rule shall apply for all rudderstocks fundamental measured after 31.2.2004.

Reasons:

The today drawing fits the actual existing two systems of rudderstocks.

(Resting on both top surfaces or resting on the top surface of the upper and the underside of the lower fitting at the hull).

Now there is a third system having just slits to fit the fittings.

It is an elegant system, but to eliminate uncertainties at measurement this thickness requirement for the upper fitting would be helpful.

Niki Nocke

IECU Class Chief Measurer

SAILORS AVERAGE PHYSICS 2003 IECU STATISTICS

2003 European Championship - Palma - Mallorca Results Places - 1 to 10

	Ladies	Men
Minimum weight - kg	56	69
Average weight -kg	64.9	69.7
Maximum weight - kg	75	72

	Ladies	Men
Minimum height - m	1.63	1.75
Average height - m	1.71	1.80
Maximum height- m	1.77	1.87

	Ladies	Men
Minimum ages - years	20	16
Average age - years	22.6	20.8
Maximum age - years	25	33

2003 European Youth Championship - Kalovig - Denmark Results places 1 to 10.

	Ladies	Men
Minimum weight - kg	53	59
Average weight - kg	61.4	65.6
Maximum weight - kg	79	73

	Ladies	Men
Minimum height - m	1,60	1,70
Average height - m	1,69	1,77
Maximum height - m	1.75	1,88

	Ladies	Men
Minimum age - years	15	15
Average age - years	6.1	16.4
Maximum age - years	17	17

ISAF WORLD CHAMPIONSHIP - Cádiz - Spain Results places - 1 to 10

	Ladies	Men
Minimum weight - kg	60	69
Average weight - kg	65.8	71.7
Maximum weight - kg	75	75

	Ladies	Men
Minimum height - m	1,63	1,74
Average height - m	1,73	1,79
Maximum height - m	1,82	1,86

	Ladies	Men
Minimum age - years	18	16
Average age - years	23.3	20.6
Maximum age years	29	33

ATHENS 2003 REGATTA (Test Event)

Minimum weight	56 kg
Average weight	64,04 Kg
Maximum weight	75 kg
Minimum Height	1,55 m
Average Height	1,70 m
Maximum Height	1,82 m

Technical remarks:

The weight for the hull is 45.00 kg.
The mean weight for the hulls was 45.14 kg and the heaviest hull had 45.95 kg.
It is not to imagine that somebody would race in a hull of 66.00 kg.
But that is what sailors do with the foils.

The minimum weight for the centreboard is 2.00 kg, that is 100 %.
The mean weight for the centreboard was 2,353 kg, that is + 17 %.
The heaviest weight for a centreboard was 2,810 kg, that is + 40%.

The minimum weight for the rudderblade is 0,900 kg, that is 100 %.
The mean weight for the blades was 1,097 kg, that is + 22 %.
The heaviest weight for a blade was 1,340 kg, that is + 49 %.

In these 2003 ATHENS REGATTA statistics from 27 boats participating final places 1 - 25 came out of the mould. So in practice we are really close to one design aspects.

A STEP TO OTHER BIG BOATS

At the Worlds in Cádiz we could notice that former Europe Class sailors participated in bigger boats:

Yngling	1st	Hanna Swett - USA	former Europe Class sailor
Yngling	2nd	Ulrike Schueman - GER	former Europe Class sailor
Yngling	3rd	Dorte O. Jensen - DEN	former Europe Class sailor
470 women	2nd	Ingrid Petitjean - FRA	former Europe Class sailor

SOLIDARITY PROGRAM

Our Class has started a solidarity program to support countries willing to start a Europe fleet. The program consists in a free boat for five bought. These countries (an association, club or other "non for profit" organisation) interested in starting a Europe fleet can apply to IECU secretariat:

International Europe Class
Energigatan, 9
43437
KUNGSBACKA
Sweden.
Tel/Fax: + 46 300 18659
e-mail: info@europeclass.org

IECU Solidarity Partners.

Various approved boat builders, masts, booms sails and foils makers:

CEILIDH MASTS
E&V FOILS
GREEN SAILS
SELDEN MASTS
WB SAILS
WINNER

are collaborating with IECU: and we are sure that in a very near future more boat builders, masts, booms, sails and foils makers will support our solidarity program.

NEWS FROM ITALY

Very soon will take place the Asseuropa Annual General Meeting. There will be Council elections. I do not know the intentions of the voters.

On one hand, I would like a change in the council but on the other hand the situation of the sailing sport, including the international, is delicate and it is necessary to follow it with attention. I do think that more than ever is necessary a continuity of the Asseuropa Council.

It must sounds as an excuse, because in the moment of the possible retirement, may be with modesty we will have to recognize our passion and attachment to the Europe Class.

In 2004 the Italian Europe Class will welcome the World Championship which will be organised by the Yacht Club Cagliari in Sardinia. The preliminary work to welcome the competitors, following the usual Asseuropa tradition, is ready. We hope that a great numbers of competitors will attend this championship, Cagliari waters deserve it.

Underneath the most important dates in our 2004 calendar, some dates could suffer changes. Six national qualifying regattas are previsited to form the team who will represent Italy. Besides is previsited an Olympic Italian Championship and a National Championship of the Class.

NEWS FROM AUSTRALIA

MIGRATING SOUTH FOR WINTER ?

If you are interested in coming to Australia this winter (our summer), there are lots of regattas arranged, as well as regular weekend racing and training that is open to all Europe Dinghy sailors.

Here is the schedule of regattas.

You can find full details at:

<http://www.europeaus.org/regattas.html>

November:

Go For Gold - Melbourne

December:

Sail Brisbane Middle Harbour

Coaching Regatta - Sydney

Sydney International Regatta

January:

Europe Nationals - Melbourne

Sail Melbourne - Melbourne

February: 6-9 Sail Auckland

www.sailauckland.org.nz

for more information e-mail:

sarahpowrie@hotmail.com

NZ Nationals

There are a number of containers will be coming over and P&O are offering assistance with shipping.

We look forward to seeing you in Australia & New Zealand. Please drop me a mail if there is anything I can help with.

Sarah Blank AUS 57

President AIECA

NEWS FROM FINLAND

The Finnish National Ranking List 2003.

The Finnish Europe sailors finished their season on September 28th by sailing their last national ranking regatta. After a very tight and exciting race, where the ranking winner still was open before the very last start, the final ranking list for the season was established. The top 6 were:

1. Nina Ramm-Schmidt
2. Andrea Borenius
3. Matti Haapiainen
4. Jukka Norrgard
5. Jouni Kokko
6. Kaius Heinila

European Championship 2005 to Finland

We are very glad that the Europeans 2005 were granted to Finland to Nylandska Jaktklubben and Esbo Segelförening, two yacht clubs in the Helsinki region, and we thank you all for your support.

The preliminary dates are:

OPEN WEEK 2005 in Helsinki:

June 29 - July 3

EUROPEAN CHAMPIONSHIP 2005

in Helsinki: July 4 - 11

We will publish more news about this event later on. See you all in Helsinki 2005 !

Finnish Open Championship 2004

Will be sailed on the very same race area as the Europeans 2005. You are all welcome to take part in the Finnish Open Championship 2004 August 20 - 22. Notice of Race will be published later in the spring on the Europe Class Finland website at: www.kolumbus.fi/europeaclassfinland

VETERAN CUP

(The Veteran Cup is sailed every year and is in its sixteenth edition.

Biscarosse - France - 27/31 August

Each year the number of veteran sailors is increasing, some figures show us the progression:

2001	51
2002	61
2003	71

Our veterans are the very example that when you have sailed a Europe you cannot forget it.

1. GER Olaf Koppin
2. CZE Miroslav Cenek
3. FRA Jean Paul Carret

Anja Fiedler (GER) in seventh position was the first lady. Jens Eggers (GER) in twenty ninth position took the first position in the Master category.
