Following your communication dated 090317, the Italian Europe Class Association (ASSEUROPA) accepts the Swedish application for the 2010 Open Week and World Championship.

In the meantime we suggest the application of Associazione Velica Alto Lario (AVAL-CDV) in Gravedona - Como lake, same venue as for the youth European 2008 - for the 2011 Open Week and World Championship.

An official application will be sent by the proposed hosting club.
